

## FIFTH BANK CLOSED: RESULT OF ACTION IN LORIMER INSTITUTION

STATE BANK OF CALUMET SUS-  
PENDED BUSINESS EARLY  
THIS MORNING.

### \$4,000,000. TIED UP IN BANKS

State Examiner Asserts That All  
Other Banks in Chicago  
Are Safe.

(Associated Press.)

Chicago, June 13.—Bank examiners continued today in their work of estimating the value of the securities of the closed LaSalle Street Trust & Savings Bank and the three smaller banks which closed yesterday.

The fifth bank, the Calumet State, closed today, because a large portion of its resources were tied up in the LaSalle Street Bank. Scores of women and children were depositors in the State bank of Calumet.

Other Banks Sound.

Examiner Harkin today reiterated his statement that all other Chicago banks are sound. The Federal Court has appointed a receiver for the Southwest Savings bank, which was a private institution. The proprietor, had \$4,000 in the LaSalle Street bank and decided to suspend business.

Chicago, June 13.—Following the closing of former Senator William Lorimer's LaSalle Street Trust & Savings bank, together with three subsidiary outlying banks, state bank examiners were reported to have discovered liabilities of \$4,000,000.

The action disclosed that since June 1 nearly \$1,500,000 has been drawn out by depositors who had a suspicion of the condition of the institution, while very little money has been deposited.

Three other state banks outside the loop, fostered by the Lorimer institution, also were closed pending an examination by the auditor.

They are the Ashland-Twelfth bank, at 1600 West Twelfth street; the Broadway State bank, at Broadway and Wilson avenue, and the Illinois State bank, at West Kenzie and North Clark streets.

The state auditor's office, which Mr. Harkin represents in Chicago, has extended the investigation. Four downtown state banks, all dominated by Munday, are to be investigated by bank examiners. They are:

The Farmers' bank of Bethalto, Madison county.

The Citizens' State bank of Alhambra, Madison county.

The State bank of Oconee, Shelby county.

The Bank of Marine, Madison county.

With the exception of the Alhambra bank all these banks are headed by Munday. All are capitalized at the same figure—\$25,000.

Money in the Institution.

The board of trade firm of Sidney Long & Co. also failed to meet its obligations as a direct result of the closing of the Lorimer bank. C. B. Munday, vice-president of the LaSalle Street Trust & Savings, and John K. Seagrave, chief clerk in the state auditor's office, are partners of Sidney Long in the firm and all its money was in the LaSalle street institution.

Bank Examiner Harkin in charge of the Chicago branch of the state auditor's office, declared there was no political angle to the closing of the bank.

They told him it would be impossible to meet his demands, and the bank did not open.

There was little excitement. Most of the depositors were business men. There were a few women and two of them wept as they declared that all their small savings were in the bank. One of them declared that she lost all she had in the Paul O. Stensland crash a few years ago.

Munday Heavy Stockholder.

A list of the stockholders of the bank shows that Vice-President Munday is the heaviest stockholder with 2,666 shares. William Lorimer holds 900 shares; John F. Jelke, the butler millionaire, recently convicted of "moonshining," 250; Thomas M. Jett, Hillsboro, Ill., 500; L. L. Bacchus, former chief clerk in the state auditor's office, who resigned to become vice-president of the bank, 190; D. I. Felsenthal, 179; H. W. Huttig, Muscatine, Ia., president of the Rosehill Cemetery company, 150; John K. Seagrave, chief clerk in the state auditor's office, 20; former Congressman William J. Moxley, 404; Elbridge Haney, 50; Shearson, Hammill & Co., 200; George O. Gunderson, rather of Mrs. Leonard Lorimer, a daughter-in-law of the former senator, 50, and former Senator Albert J. Hopkins, defeated by Lorimer for the senate, 10.

Former Senator Hopkins also is hit by the suspension in another direction, his bonding company, the Illi-

## SUFFRAGE WON IN FEDERATION TODAY

POLITICAL EQUALITY ENDORSED  
IN PRINCIPLE AT BE-  
NENNIAL TODAY.

### MANY WOMEN ARE JUBILANT

"Battle Hymn of the Republic" Was  
Sung, Following Adoption of  
The Resolution.

(Associated Press.)

Chicago, June 13.—Grace Wilbur Trout, suffragette leader, said there would be practically no opposition in the convention of the Federation of Woman's Clubs to the endorsement of the principle of woman's suffrage and that no attempt would be made to have the federation adopt suffrage as a part of its propaganda.

The convention endorsed equal suffrage in principle and by its action the year's fight by the suffragists to break down the Federation's constitutional bar on political and religious subjects, was successful. The actual operation required less than five minutes.

The motion was made by Mrs. E. Benniston of San Francisco chairman of the Resolutions Committee and there were seconds from all over the house. Miss Lattie Stearns of Milwaukee, objected to a discussion on the question, saying "Eight million women are waiting for us," and when the question was put there was a chorus of "ayes" while but scattered negative votes were heard. When the motion was declared carried, the Illinois delegates raised their voices above the tumult in the Battle Hymn of the Republic.

The resolution as adopted is: "Whereas the question of political equality of men and women is today a vital problem, Resolved that the Federation of Woman's Clubs give the cause of political equality its moral support, by recording its earnest belief in the principle of political equality, regardless of sex."

Chicago, June 13.—Woman suffrage leaders from all over the country held a celebration in the corridors of the Auditorium theater and hotel, for they saw a big step forward in their fight in many state of the Union in an unqualified and enthusiastic endorsement of "Votes for Women," which is promised by the General Federation of Women's clubs, now holding its twelfth biennial convention in Chicago.

Passage of the suffrage resolutions was forecast in an official announcement from Mrs. Perry V. Pennybacker, president of the federation, that the suffrage question would be given full hearing on the floor of the convention.

"It has been brought to our attention that delegates in this convention believe the administration is attempting to smother resolutions on woman's suffrage," declared Mrs. Pennybacker in slow, measured tones that reached every corner of the hall. "I am happy to say there is no disposition on the part of this administration to smother this or any other resolution brought before the convention or the committee on resolutions."

Prepare to Push Resolutions.  
Applause lasting for several minutes greeted this announcement and immediately suffrage leaders hurried to the foyer, where they discussed plans for rushing suffrage endorsement resolutions through with enthusiasm.

The suffrage question was expected to come before the federation when Miss Helen Varick Boswell, chairman of the political science department, presents her report. She was expected to ask for help in furthering the "votes for women" cause.

Favorable action by the General Federation on the request of Miss Boswell for endorsement and also on the general resolution today is expected by the suffrage leaders.

Mrs. Trout is Jubilant.  
Mrs. Grace Wilbur Trout was jubilant over the success of the suffrage campaign.

### REQUEST DECORATION

The patriotic orders of the city have asked the Telegraph to urge the business men to display Old Glory on Monday in commemoration of Flag day.

## FLAG DAY LESSONS FROM DIXON

## RAIN PREVENTED GAME TODAY

STARS WILL MEET BUSTERS AT  
LINCOLN PARK TOMORROW  
HOWEVER.

The rain today caused the first postponement since the opening of the Dixon City League season, and accordingly at some future date the game will be played as part of a double-header, giving the patrons two games for one admission.

Unless the rain continues until noon tomorrow, the Sunday game between the Stars and the Busters will be played as scheduled, as the grounds were well drained and will be fit for the contest tomorrow afternoon, at 3 o'clock.

For Dedication.  
The directors of the association are going ahead with their plans for the dedication of the park on next Thursday afternoon, which will be a half holiday in Dixon. There will be a parade and the game will be given a boost in short talks by Mayor Bampton and E. J. Countryman, C.H. Martin and George Boynton, member of the Commercial Association, who have promised their moral support of the amusement project. The fact that many of the factories and stores will close for the day should make it an exceptionally big afternoon.

## TOMORROW IS FLAG'S BIRTHDAY

OLD GLORY WILL BE 137 YEARS  
OLD TOMORROW—WILL  
BE HONORED.

Tomorrow will be Flag day and in all probability the occasion will be commemorated with special attention to Old Glory in all of the churches and Sabbath schools of the city. The day will mark the 137th birthday anniversary of the Stars and Stripes, which was created by Betsy Ross on June 14, 1777.

## DIXON LOST CHANCE FOR CHAMPIONSHIP

UNION HIGH TEAM BOOTED  
AWAY FRIDAY'S GAME  
WITH OAK PARK.

### ACKERT PITCHED GREAT BALL

Repeatedly Pulled Himself Out of  
Holes That His Mates Had  
Forced Him Into.

The Dixon Union High School booted away their chances for the State High School Championship in a game with Oak Park High School. The contest was won by Oak Park, by a score of 5 to 3. Dixon if they had won from the Oak Park team, would have had but one more game between them and the State title, a game with Joliet.

Yesterday's game should have been won by Dixon, providing certain members of the infield had played up to the usual form and not practically presented it to the boys from Oak Park. At the start of the game Ackert was an enigma to the Oak Parkers. Six of them struck out in the first three innings, three straight strike outs going to Lefty's credit in the first. During the entire game Ackert fanned fifteen men. His work was exceptional and all that was to be desired.

Ackert pulled the game out of the fire for Dixon time after time, for Dixon only to have poor head-work and playing on the part of one or two of his team-mates put him in bad once more. It was this constant worry from pulling out of several tight holes that caused him to weaken for a moment in the seventh and allow Mendson from Oak Park to hit homer with a man on base. This was the turning point of the game for from then on there was at no time any apparent possibility of Dixon winning, for the opposing pitcher tightened, the home team lost their pep and the stuff was off. Just one more change had Dixon of winning and that came in the eighth, when F. Curran hit for three bases, but with no men on bases.

Ackert should have been on but had died at first on a foul which bounced into the diamond, which Umpire Hogan called a fair ball. Curran's hit with the North Sider on a base, would have given the local tribe another run and possibly still another in the rally that would have followed.

It seems queer that a bunch of ball players of the experience of the Dixon bunch who have for the last three years received the best of coaching at the hands of Joe Valle, should play the brand of ball exhibited yesterday, at least they could listen to the advice of the competent coach at the critical point of the game and put it to good use.

The visitors are a great bunch of players. Their conduct on the field

## COMPANY G. WILL GO TO SPRINGFIELD

SIXTH REGIMENT WILL BE IN  
CAMP FROM AUGUST 9 TO  
AUGUST 16.

Illinois regiments of the I. N. G. will not participate in maneuvers of any nature with the regular U. S. troops this summer according to the general orders issued yesterday by the war department relative to summer The Illinois officials have assurances, however, that one full company of regulars will be stationed with each regiment of the guard during the encampment at Springfield, Ill., but they will be there for the purpose of instruction only and no attempt will be made at elaborate display. Company G together with the other companies of the Sixth regiment, will establish camp in Springfield August 9 and will continue there until the 16th.

Limited Maneuvers.

Orders issued by the war department are that joint maneuvers be held in the states of the central department, embracing middle western states, would be very limited this year, principally due to the fact that so many of the regular forces are on duty in Mexico and various other sections.

## POLICE ASKED TO LOOK FOR WADSWORTH

PARENTS OF FOURTEEN YEAR  
YEAR OLD BOY ALARMED BY  
HIS ABSENCE.

The police this morning were asked to look for the fourteen year old son of Mr. and Mrs. R. H. Wadsworth of Morgan street, who at noon had not been seen since 10 o'clock last evening he parted from three companions with whom he had been spending the evening. The parents feared the boy had drowned, as he is fond of swimming, but after the officers had investigated and learned that he had been about the city at 10 o'clock last evening, they dismissed the theory of drowning and are of the opinion that the boy, seized with the spirit or wanderlust, left on a night train for a "trip."

The double funeral was arranged following the death of Mrs. Holby, who passed away Tuesday afternoon, not 48 hours after the tragic death of her brother, Mrs. Holby's death resulted from double tonsillitis and blood poisoning, while the shock of her brother's drowning hastened the end. Mrs. Holby was 23 years of age and is survived by her husband and two children.

## PHILLIPS POPULAR THROUGHOUT COUNTY

PRESENT CHIEF DEPUTY SEEK-  
ING REPUBLICAN NOMINA-  
TION FOR SHERIFF.

Chief Deputy Sheriff Robert R. Phillips, who made his announcement some weeks ago that he was seeking the republican nomination for Sheriff of Lee County, is finding that the voters of this county appreciate the trials and tribulations that usually meet the new candidates who are assisting him in unsuspecting numbers to gain the position that he is asking of them.

For those not intimately acquainted with Mr. Phillips, we will say that he is a man in the prime of life, 52 years of age, has spent most of that in the southern and eastern portion of Lee county, there he has helped to roll up large republican majorities that the eastern part of our county has been noted for; his business has been farming and of this business he made such a success that he was known as one of the best farmers in eastern Lee county, which means much in that locality of scientific farmers and keen competition for supremacy of results in the Garden Spot of the world. Five years ago Mr. Phillips retired from the farm, buying a home in Steward, four years ago he accepted the appointment of Chief Deputy Sheriff and moved his family to Dixon. It was only after repeated urging by the present sheriff that he would accept this position and finally doing so more out of friendship for Sheriff Reid than desire to enter active politics.

In his present position Deputy Phillips has given his duties of the office the same careful and intelligent care that he used in conducting his business and has assisted very materially in making the administration of this office the success that it is credited with.

"Bob" Phillips is not only a man of judgment and ability in business, but is also a man of friendliness, taking his enjoyment in companionship with his fellowmen and living not only for the future but for each moment and day as it comes to him. His hosts of new friends in Dixon and Lee county wish him well and those who are near to him by ties of friendship of years, unite in saying that if he is successful in his request that he will make one of the finest officers county has ever had.

## STERLING DRAWING LESSONS FROM DIXON

GAZETTE ADMONISHES STER-  
LINGITES TO STUDY DIXON  
METHODS.

LIKE COMMISSION FORM

Gives System of Government Credit  
For Progress Made in Local  
Improvements

After years of endeavor on the parts of the good people of Dixon to convince Sterlingites that Dixon is a real city, conducted in a real city-like manner, the lessons are commencing to sink in. For instance the Gazette admonishes the Sterling people to wake up and do things in the Dixon way. The Gazette says:

"The commission form of government in Dixon is setting a merry pace for the ward form of government to follow. The commissioners of the Dixon city government receive a salary that is sufficient to compensate them for extra work for the city, and this results in splendid accomplishments. The evidence of the accomplishments of the Dixon commissioners is to be found in Dixon. Although the government is only in operation in that city three years, yet during that time some remarkable changes have occurred.

Some of the Evidence.  
During the first year of the Dixon city commission, little or no work was accomplished. This was due to extra work of changing from the old form of government to the new form, and getting the machinery in proper condition for the work to be originated and executed.

The evidence in Dixon consists of a hundred or more blocks of paving, put in place, without submitting a bond issue to the people. In Dixon the property owners pay two-thirds of the cost of the work and the city one-third. Last year \$60,000 or more was spent in paving. On Monday of next week, a contract estimated at \$150,000, for paving will be let. This contract will consist of thirty blocks of brick paving, twenty-five blocks of tar filled macadam and five blocks of concrete.

Plan Greater Improvements

At the meeting of the Dixon commissioners Thursday morning estimates were ordered on improvements for 1915 to cost \$200,000. These improvements will consist of many blocks of brick paving, the construction of a drive and park along the river front in North Dixon extending from the Central bridge to the Watson residence. It is expected that only a slight bond issue will be necessary to make the improvements next year.

Commissioners on Taxes.

In view of the fact that the commissioners receive a salary much larger than an alderman, they have to investigate the affairs thoroughly. For instance, they carefully watch the assessors and see to it that the property in Dixon is properly assessed, and this produces a neat taxable revenue, much more so than in cities, where the commission form of government is not in operation. A study of the Dixon commission work is worth the time of any citizen or Sterling. The Dixon citizens are doing things.

## DIXON GIRL VOTED PRETTIEST IN CLASS

MISS CHARLOTTE LAING OF THIS  
CITY IS HONORED BY LAKE  
FOREST STUDENTS.

The Chicago Tribune of this morning publishes an excellent likeness of Miss Charlotte Laing, the beautiful daughter of Mr. and Mrs. George D. Laing of this city, together with this following pleasing note:

Students of Lake Forest University last night staged three short plays in the Durand institute under the auspices of the Garrick club, a college organization. One play, entitled "Mrs. P. D. Q.'s Christmas," was an original production, written by Miss Charlotte Laing, a senior in the college. The play represents a comedy of American village life as portrayed in "Bill Hill's general store" during the rush of village shoppers. Miss Laing was recently voted the prettiest girl in her class.

FOR CHAMPIONSHIP

displayed that form only attained by long experience and the best of coaching. They are a splendid bunch of fellows and put up the cleanest game of any rival high school team ever playing here, and that in the face of several adverse decisions.

As a team their playing is smooth and consistent, the work of the infield is very good. The work of Oak Park outfield does not rank with that of the infield.

Blackmer, the Oak Park pitcher, is an artist. He has good control, lots of smoke and a good spit ball. He succeeded in fanning fifteen Dixon men. Yet, although the Oak Park man is a splendid pitcher, Ackert had the better of him in Friday's game. The Dixon man got fourteen strike-outs to Blackmer's fifteen, while this gives the Oak Park fellow the big end of the string it would be well to remember the difference in the class of players that Ackert had to contend with. Also a Dixon outfielder got a single chance at a catch. This goes to show that Ackert had them in his little old cart the most of the way. Blackmer received splendid support, Ackert did not, although Haley, Duffy and Curran were right in with him all the way. Curran and Duffy hit well, Curran connecting for a triple and double and Duffy singling and tripling. The rest of the Dixon crew baffled poorly.

**First Innings.**  
OAK PARK—The first inning was soft for Ackert, the clever Dixon port-wheeler fanning Steger, Stenson and Mendon in a row. NO RUN, NO HITS, NO ERRORS.

DIXON—Frank Curran worked Blackmer for a walk and he stole while Haley was fanning. Duffy slammed one to right for three bases, Curran scoring. Blackmer hit Ray Curran. Coakley forced Curran, pitcher to second, while Duffy scored. Byers ended the inning by swinging at three wide ones. TWO RUNS, ONE HIT, NO ERRORS.

**Second Inning.**  
OAK PARK—Blackmer walked, Creed sacrificed him to second, the out being from catcher to first. McGuire hit at three of Ackert's big curves. Rathbun hit a fast grounder to Ackert which the Dixon twirler handled excellently, getting his man at first. NO RUNS, NO HITS, NO ERRORS.

DIXON—Lenox fanned, Dollahan out, Blackmer to Rathbun. Ackert's high fly fell into a well in right field. NO RUNS, NO HITS, NO ERRORS.

**Third Inning.**  
OAK PARK—Yardley fanned. Warrenshuis singled over second. Steger singled into left. Dollahan booted Stimson's grounder and the bases were full. With this situation Ackert tightened up and fanned Mendon and Blackmer, retiring the side. NO RUNS, NO HITS, NO ERRORS.

DIXON—Blackmer's spitter worked to perfection. Frank Curran, Haley and Duffy fanning in order. NO RUNS, NO HITS, NO ERRORS.

**Fourth Inning.**  
OAK PARK—Creed safe on Dollahan's second error, and the Dixon second sacker followed with another miscue which gave McGuire a life. Rathbun fanned. Yardley hit to Ackert and Creed was caught at the plate when he attempted to score. Lenox threw to second in an effort to get Yardley and McGuire scored when Dollahan threw wide on the return. Warrenshuis to Dollahan to Haley. ONE RUN, NO HITS, THREE ERRORS.

**Fifth Inning.**  
OAK PARK—Steger out, Ackert to Haley. Stimson walked. Mendon hit to F. Curran who got Stimson at second. Blackmer singled to center putting Mendon on third, Cree singled to right and scored Mendon and Blackmer with the tying runs. Score, 3 to 2. McGuire fanned. TWO RUNS, TWO HITS, NO ERRORS.

DIXON—Dollahan fanned and Ackert followed suit. Frank Curran hit for two bases over second, but with two out Haley fanned, ending the inning. NO RUNS, ONE HIT, NO ERRORS.

**Sixth Inning.**  
OAK PARK—Rathbun fanned and Yardley singled to right. Warrenshuis fanned. Steger out, short to first. NO RUNS, ONE HIT, NO ERRORS.

DIXON—Duffy singled through short. Ray Curran fanned and Duffy was caught attempting to pilfer second. Coakley hit to Rathbun who beat him to the cushion. NO RUNS, ONE HIT, NO ERRORS.

**Seventh Inning.**  
OAK PARK—Ackert kicked Stimson's offering and that gentleman was safe. Mendon immediately broke all the Dixonite's hearts by putting one over the left field fence for a home

run, scoring Stimson ahead of him. Haley took care of Blackmer at first. Creed singled but was caught at second when he attempted to stretch it into a double. McGuire doubled into center. Rathbun walked. Yardley lifted a high one to Dollahan. TWO RUNS, TWO HITS, ONE ERROR.

DIXON—Byers out, third to first. Lenox fanned. Dollahan out, short to first. NO RUNS, NO HITS, NO ERRORS.

**Eighth Inning.**  
OAK PARK—Warrenshuis, three strikes retired him. Steger singled between first and second. Stimson out, short to first. Ackert ended the inning by fanning home-run-hitter Mendon. NO RUNS, ONE HIT, NO ERRORS.

DIXON—Ackert out catcher to first. Frank Curran tripled into deep center but died on third when Haley and Duffy fanned. NO RUNS, ONE HIT, NO ERRORS.

**Ninth Inning.**  
OAK PARK—Blackmer out, second to first. Creed out on a high one to Frank Curran. McGuire fanned. NO RUNS, NO HITS, NO ERRORS.

DIXON—Ray Curran out, third to first. Coakley goes out via the same route and Byers ended the game with an easy grounder to first. NO RUNS, NO HITS, NO ERRORS.

MRS. LYON'S  
ACHES AND PAINS

Have All Gone Since Taking  
Lydia E. Pinkham's Veg-  
etable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

**BOY JUST ESCAPED DEATH.**  
Aurora, Ill., June 13.—Ray Givler a 14-year old boy living in Spruce street, was laid unconscious by an electric shock as he placed his foot on a charged wire rung near the base of telephone pole at Blackhawk and Spruce streets. The boy did not recover consciousness for two and one-half hours after being taken to the St. Joseph's hospital. He was under the care of Dr. W. P. Sherman, who feared for a time that the lad would die. He recovered abruptly, left the hospital bed and walked home. Today he is playing with other boys, but has eliminated pole climbing.

PAIGE

We Are Ready to Make Paige Deliveries

Up to this time, few Paige dealers have been able to secure enough cars to take care of deliveries. The demand for the Paige has been so great that buyers have been compelled to wait after placing orders for their cars.

Now, though, we are prepared to show you the models which have just arrived from the factory. Make it a point to inspect these cars today. And come prepared to view the very last word in automobile development—a car that is one year ahead of its field in Mechanical Construction, Equipment, and Price.

Never in the history of the automobile industry has so much car been offered to the public for so little money. Once again the Paige has scored a sensational surprise and created an absolutely new idea of value in automobiles.

You cannot buy more than the Paige offers at any price. Ask us to prove this statement when you inspect the new car.

The Paige Policy

Back of every Paige car is a definite, unfaltering manufacturing policy.

Paige engineers are satisfied with only the best of everything. Most manufacturers in the moderate price field are content, for instance, to equip with a small type of starting and lighting system. The Paige uses the large unit Gray & Davis—a system found on no other car below the \$3000 mark.

Most manufacturers in the Paige field are content to use a cone or dry plate clutch. The Paige is equipped with the cork insert multiple disc type—admittedly the most efficient and most expensive clutch construction known to automobile engineers.

Most manufacturers in the Paige field are content to use more or less noisy timing gears for the magneto, cam and pump shafts. The Paige uses the silent chain drive found on the most expensive cars almost exclusively.

And so on—point by point—you will find that the Paige is a car of distinct over values. Paige construction has not been limited by adhering to the so called standards of the moderate price field. The average manufacturer is satisfied with the normal standards of his "price class"—The Paige engineers forget every other consideration except quality and

adopt the best—regardless of cost or precedent.

As a consequence, the Paige car is a year ahead of its field today. As automobile values go, we firmly believe that the Paige is the most remarkable car in America. And we are not alone in this belief as the overwhelming demand for Paige cars conclusively proves.

If you would be convinced, come in and let us demonstrate the facts. There is nothing mysterious—nothing vague—about Paige quality. The ultra refinements are clearly apparent. They can be seen and named.

### TREATING SUNSTROKE.

Battle Creek is a city of ideas. The rest of the country has come to expect ideas from this Michigan center of cereal foods and health. The Battle Creek Idea seems not an inappropriate name for a paper published in the city of Post and Kellogg. In this paper the latter recalls how Hippocrates living three hundred years before Christ had a simple method of treating people for sunstroke.

According to Dr. J. H. Kellogg his plan was to have one person pour cool water on the patient while two or three others rubbed him vigorously. The application of cold water alone would be very dangerous in that the blood would be driven inward; but by applying cold water to the skin, accompanied by rubbing the surface vigorously, the blood would be brought to the surface and kept there while the body was being rapidly cooled.

Dr. Kellogg enforces the ancient method of Hippocrates by the following rule:

Sunstroke is a very dangerous accident and is likely to prove fatal without proper treatment, but by the use of cold water poured from a height of five or six feet and with two or three people rubbing the patient vigorously we may expect a cure in nearly every case. Especial pains should be taken to wet the head and back of the neck, and keeping these parts cool. Continue the rubbing until the skin is well reddened and consciousness restored.—Rockford Republic.

### "INSANITY TO YIELD ISLES."

William H. Taft, former president of the United States and former governor general of the Philippines, today states that it would be insanity to give up the islands.

"We are to let the Philippine Islands go and turn them over to an oligarchy of elegant and attractive orators who really believe in aristocracy and who have no real conception of civil and individual liberty and certainly no capacity by training and education for successful popular government?" he asked in a written statement.

"The minute that the strong background of a powerful government is withdrawn, the differences between the Filipinos and the Moros will at once develop. The Moros have notified us that they will not stand Filipino government, and the Filipinos say they can not take over the islands unless they take over all of them.

"For us to leave the islands and to guarantee to the nations of the world that law and order will be preserved, would be an evidence of lack of sanity that I do not think the American people will ever display.

"If they should it would not be a year before we would have to go back into the islands to maintain the peace that we have guaranteed to the world."

### LINCOLN PARK DAY.

The enterprise of the man who have supplied Dixon with a new ball park and kept alive the great American pastime should be substantially rewarded by a big turnout on next Thursday afternoon. The merchants of Dixon have given this fact due recognition and will close their stores and we hope that everybody will "knock off work" that afternoon and go to the games at the park. A holiday is a good thing for the soul and there is little danger of having too many of them.

The Telegraph would like to see a half holiday scheme inaugurated as a regular weekly affair in Dixon during the hot summer months. No one would lose by it. Many cities over the land have tried the plan out with great success and none of them would give it up now.

At this particular season of the year thousands of young men and women have just been turned adrift in a big world full of hopes and rosy promises and they will now start in to learn how much they don't know. The real schooling has just begun for them, although they little realize it.

Superior Mannon's remarks in the board meeting the other day seem to have gotten on somebody's hide where it hurt.

## INVEST YOUR MONEY IN PUBLIC UTILITY BONDS!

Electricity, Gas, Water, Telephones, Street Railways are Municipal Necessities, and in this day and age are demanded by nearly every citizen.

Well managed public service corporations are constantly endeavoring to render a better service, thereby securing larger patronage and larger annual revenues. Their earnings show normal increases—even in times of business depressions. The experience of this organization has demonstrated that sound and seasoned Public Utility Bonds are well balanced combinations of safety and income.

We offer bonds and notes of well known Public Utility Companies paying five to seven per cent interest.

Write us for offerings or see Mr. McDonald Kirk, our representative in Dixon.

## DIVORCE LIKELY FOR ROYAL PAIR

KING EMANUEL AND HIS GERMAN PRINCESS CANNOT REACH AGREEMENT.

(Associated Press.)

Paris, June 13.—Although the repeated rumors of a divorce between the deposed King Manuel of Portugal and his German princess, lack confirmation, friends of the family Paris declare that their affairs have reached an acute stage. Manuel and his wife have never understood each other, and in spite of praiseworthy efforts on the parts of both to arrive at an honorable arrangement of their life, they have never succeeded in bridging the gulf which opened between them immediately after their marriage.

The marriage was an idyll. Queen Amelia looked upon the daughter of her old friend, the Prince of Hohenlohe Sigmaringen as the ideal wife for her son, possessing all those qualities which are lacking in his character.

The little Princess had a will of her own and was not devoid of ambition. Might she not be the means of bringing Manuel back to his throne? Such a role, however, demanded, first of all, experience, and in this the Princess was totally lacking. She found that Manuel was a careless, easy-going, almost irresponsible youth, irresolute, but yet capable of sudden and unforeseen obstinacy. He on his side, saw in her a narrow-minded authoritative young person, with ideas which appeared to him out-of-date and provincial—a passion for housekeeping and other domestic virtues which fell in neither with his tastes nor his requirements. Under these circumstances a quarrel was inevitable.

Queen Amelia and the intimates of the two families are doing their best to smooth away the differences between the young couple, but they are not optimistic.

Why not let that idle savings account earn twice its present interest? It is not necessary to accumulate a large amount before investing in a good six per cent bond. Elston, Clifford & Company, 9 South LaSalle St., Chicago, are offering \$100 bonds to the small investor.

## CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer."

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die. At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains. Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease. Please try it, for your troubles. N. B.—Write to: Ladies' Advisory Dept., Chas. Pfizer & Co., New York, N. Y., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

FIFTH BANK CLOSED;  
RESULT OF ACTION IN  
LORIMER INSTITUTION

(Continued from page 1)

nois savings company, having guaranteed the city's deposits to the extent of \$150,000.

The immediate closing of the bank was precipitated, it was said, when a demand was made on the bank's officers for \$650,000 of city funds. The bank was unable to meet the demand and the bank examiner took charge. The three smaller banks cleared through the Lorimer institution and State Auditor Brady ordered them closed also in order to protect their depositors.

Statement by bank examiner: "I found a rotten condition and I decided to put an end to it. I have known of this state of affairs since last January. At that time I examined the bank and found the condition to be bad. I made a report to that effect."

Note—Mr. Harkin's reports go to State Auditor Brady.

Statement by state auditor: "It (the bank) was not reported to be in a failing condition. The regular report was sent in. . . . I had no intimation that such (i. e. bank) was in bad condition) was the case. I judged from the examiner's report that the bank was in fair condition."

Mr. and Mrs. Frank Palmer are in Dixon for a few days visit with relatives. Mr. Palmer is still in the newspaper contest business and reports a most successful season.

GRANDMA NEVER LET  
HER HAIR GET GRAY

Kept her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

## PERFECT CONFIDENCE

Dixon People Have Good Reasons For Complete Reliance.

Do you know how—  
To find relief from backache;  
To correct distressing urinary ills;  
To assist weak kidneys?  
Your neighbors know the way—  
Have used Doan's Kidney Pills;  
Have proved their worth in many tests.

Here's Dixon testimony.

N. W. Beale, 626 College avenue, Dixon, Ill., says: "For a long time I had kidney trouble and it showed itself in various ways. I had rheumatic twinges and my back was stiff and lame and when bending over, I could hardly straighten. When I was suffering intensely, I began using Doan's Kidney Pills, which I got at Leake Brothers Company Drug Store. They gave me wonderful relief in a short time and I still use them, keeping my kidneys in good shape. All I said in praise of Doan's Kidney Pills one year ago, holds good and I am glad to confirm that statement."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the Milburn Co., Props., Buffalo, N. Y. Name that Mr. Beale had. Foster.

## HOUSE FAVORS REPEAL

Concurs in Senate Amendment by Vote of 216 to 71.

Measure Will Go to White House for President Wilson's Signature—He Will Sign It.

Washington, June 13.—The house of representatives accepted the Panama canal tolls exemption act as amended by the senate by a vote of 216 to 71.

The bill will be rushed to the president for his signature, he having indicated to his leaders in the house that he would approve it.

Leaders Underwood and Mann, Democrat and Republican, voiced their last protest and warned of the wrath of the American people when they came to a full understanding of how they had been despoiled of their property and weakened in defense against their enemies.

Chairman Adamson of the house interstate and foreign commerce committee struck for final passage of the repealing bill while successful action in the senate was still fresh before the house. He called the bill up at the opening of the day's session with a motion to concur in the senate amendment and pass the bill.

Voting for the amended bill were 48 Republicans, three Progressives and 175 Democrats.

These members were as follows: Against concurrence in senate amendment: Republican—Anthony, Austin, Campbell, Cary, Cramton, Curry, Druker, Dunn, Dyer, Edmonds, Farr, Fordney, French, Greene, Guernsey, Hawley, Howell, Hughes, Johnson (Utah), Kahn, Kelley (Mich.), Kennedy (Ia.), Langley (Mich.), Mapes, Mondell, Moore, Morin, Moss, Mott, Roberts (Nev.), Scott, Sells, Simcott, J. M. C. Smith, Switzer, Towner, Treadway, Vane, Woods—40.

Progressives—Bell, Bryan, Falconer, Hinebaugh, Hullings, Kelly (Pa.), McDonald, Murdoch, Stephens, Cal, Temple, Woodruff—11.

Democrats—Brockson, Broussard, Conry, Deltrich, Donohoe, Driscoll, Dupre, Esttopinal, Fitzgerald, Gallivan, Harrison, Kitchin, Lee (Pa.), Mitchell, O'Leary, O'Shaunessy, Patten (N. Y.), Phelon, Raker, Reilly (Conn.)—12.

For concurrence in senate amendment: Republicans—Batholdt, Barton, Britton, Burke (S. D.), Butler, Davis, Dillon, Esch, Frear, Gardner, Gillett, Good, Green (Ia.), Greene (Vt.), Hamilton (Mich.), Hamilton (N. Y.), Haugen, Helgeson, Humphrey, (Wash.), Johnson (Wash.), Kent, Kinkaid (Neb.), La Follette, Lenroot, McKenzie, Mann, Madden, Slem, Morgan, Nelson, Platt, Plumly, Prouty, Samuel W. Smith, Stevenson, Stevens (Minn.), Sutherland, Volstead—38.

## SEEK TO OUST MINERS

Colorado Operators Say That Strikers Are Not Wanted.

Washington, June 13.—Representative Martin D. Foster of Illinois, chairman of the house committee on mines and mining, received a brief from the mining operators of Colorado giving their side of the controversy in the coal fields of that state. In the brief the statement is made that the time possibly has passed during which a settlement could be made and that there is little left for the striking miners to do but to hunt employment elsewhere.

Killed on way to Wheat Fields. Norwood, Mo., June 13.—T. D. Beauschell of Atlanta, Ga., was killed and E. H. Blake of Collinsville, Ill.; C. R. Palmer of Atlanta, and A. C. Jones of Benton, Ark., were injured by a freight train that struck them while they were walking on the tracks to reach the Kansas wheat fields.

Reprieve Comes Just in Time. Wheeling, W. Va., June 13.—Dressed and waiting to be taken to the gallows on which he was to be hanged for the murder of his wife, Silas Jones was notified by the warden of the Moundsville penitentiary that Governor Hatfield had telephoned a respite of 30 days.

## THE DIXON ROTARY LAWN MOWER

"DIXON"

THE LIGHT RUNNING, HEAVY DUTY LAWN MOWER.

Guaranteed Equal to the Best Made.

Made in Dixon. Boost! It is Dixon. Every lawn in Dixon should have a mower on it. Your dealer should have them. If he has not got them call us and we will supply you.

We wish to draw your attention to a few of the improvements in the Dixon Lawn Mower over all other makes.

First, to the floating bed knife bar which is swiveled on the rod that ties the back end of the mower securely together, and with the other tie rod at the front makes the most rigid frame to be found in lawn mowers.

You will notice at each back corner of the bed knife a compression spring. These press the cutting edge of the bed knife against the reel, or revolving knife, always adjusting itself.

We make the Dixon with a thrust ball bearing which is the same as is used in automobiles, making it the best.

The knives throughout are crucible steel. The lower bed knife is crucible lip steel.

The Dixon Mower will cut heavy grass without raising the handle and without lifting up behind and choking.

### THREE DELEGATES NAMED BY REBEL

Carranza Selects Agents to  
Attend Peace Parley at  
Niagara Falls.

### SIGN MEDIATION PROTOCOL

Battle Rages All Day at Mazatlan and  
Federal Garrison Holds Position  
But Losses Are Reported  
to Be Heavy.

Washington, June 13.—Gen. Venus-  
tiano Carranza, first chief of the con-  
stitutionalist forces in Mexico, has ap-  
pointed his delegates, three in num-  
ber, to the Niagara mediation confer-  
ence. They are:  
Fernando Iglesias Calderon, leader  
of the liberal party, now at Saltillo.  
Luis Cabrera, confidential agent of  
General Carranza in Washington.  
Jose Vasconcelos, former confiden-  
tial agent of Carranza in Canada, now  
attached to the constitutionalist junta  
in Washington.  
General Carranza named these dele-  
gates in a telegram received by Rafael  
Zubaran from the constitutionalist  
chief. This was Carranza's reply to  
the mediators' last note to him. His  
message was forwarded by Senor Zu-  
baran by mail to the mediators at  
Niagara Falls.

Carranza Shuns Vital Points.  
It is stated positively and on author-  
ity by a correspondent that:  
1. The Carranza note makes no al-  
lusion to an armistice, and, in fact,  
wholly ignores the intimation of the  
mediators in their note of June 2,  
which told the first chief of the con-  
stitutionalists that their delegates  
would be received only if the stipula-  
tion as to an armistice were adhered  
to by the constitutionalists.  
2. There is nothing in the Carranza  
note indicating any willingness on his  
part to consent to the discussion by  
his delegates, if they are admitted at  
Niagara, of the internal affairs of the  
Mexican people.  
3. There is nothing in the Carranza  
note indicating that his delegates are  
to attend on any other terms than  
those which he himself has named in  
his earlier letters to the A.-B.-C. em-  
broyes.

Sign Mediation Protocol.  
Niagara Falls, Ont., June 13.—Dele-  
gates from the United States and the  
Huerta government formally affixed  
their signatures in the presence of the  
mediating representatives of Argen-  
tine, Brazil and Chile to the first pro-  
tocol of the series through which it is  
hoped to restore peace in Mexico.  
The agreement reached in relation  
to the manner of transferring the ex-  
ecutive power from Huerta to the new  
provisional government stood the acid  
test of reduction to writing. It pro-  
vides that:  
A government is to be constituted  
in Mexico of a character to be later  
provided, which shall be recognized by  
the United States on (date to be  
fixed) and which from that day for-  
ward shall exercise public functions  
until there shall be inaugurated a con-  
stitutional president.  
The question of constitutionalist rep-  
resentation, however, is still open. The  
mediators say they will not officially  
admit the Carranza delegates unless  
they agree to an armistice.  
It is not doubted that the American  
delegates may try to obtain a hearing  
for the constitutionalists and that  
some way may be found for them to  
participate in the peace parleys after  
they arrive.

Battle Rages at Mazatlan.  
On Board U. S. S. California, Mazat-  
lan, Mex., June 13. (via wireless to  
San Diego, June 13).—Constitutional-  
ists under General Obregon began  
their first concentrated general as-  
sault on the federal fortifications at  
Mazatlan, commanded by General Ro-  
driguez. The battle raged all day, and  
although the besieged garrison held  
its positions it lost heavily in killed  
and wounded.

Execute Fourteen Federals.  
El Paso, Tex., June 13.—Fourteen  
federal volunteers were executed at  
Chihuahua City, according to a mes-  
sage received here.

Reports Rebel Defeats.  
Mexico City, June 13.—General Blan-  
quet, minister of war, said that con-  
stitutionalists had been repulsed at  
Zacatecas.  
The town of Zaccalco, state of Jalis-  
co, is reported to have been retaken  
from the constitutionalists. The war  
office reports that 300 constitutional-  
ists were killed.
